

OUR SCHOOL IMPROVEMENT PRIORITIES ARE ...

Pupil Council to create jotter guides to help with neat presentation of work.

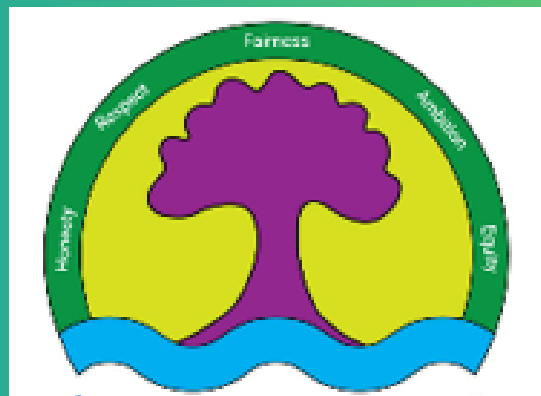

Track the learning and teaching of spelling, VCOP and grammar and what is used to teach them.

Gathering information on how we give feedback and approach assessments to show progress in writing.

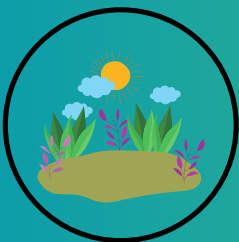

Look at writing plans to make sure they give learners the chance to improve and challenge themselves.

Whole school to be involved in developing play from P1 to P7.

Create a guide to help keep up our standards of effective questioning.

Make more times for all learners to be curious and creative and learn outside.

Help families and children who need it through play therapy from ACIS.
